

FlexoCloth 38M Double Sided Cloth Stereo Mounting Tape - 15 thou

C38M consists of a white fabric carrier with a differential rubber adhesive system on a brown paper release liner.

- C38M has been formulated to achieve maximum performance -an adhesive which firmly holds the stereo to the cylinder through the most demanding print runs without plate lift, an adhesive which can be taken cleanly off the cylinder after printing, a high quality print expected in todays flexographic printing industry.

Product	Size (Width and Length)	Carton Qty	Trade price / per roll (£ sterling)
C38M	330mm x 23m	2	48.76
C38M	500mm x 23m	2	73.55
